

Digital Infrared thermometer

Model 635

- 3 digit display
- Laser pointer
- Adjustable Emissivity

Digital light meter

Model 615

- 3 1/2 digit display
- Peak hold
- Measurements in lux and fc units

Digital Thermo-Hygro Meter

Model 625

- 3 1/2 digit display
- Max. hold
- Display hold

Humidity Temperature Meters

Model 725

Datalogging Humidity/Temp Meter w/ Dual Input

Model 720

Humidity/Temp Meter w/ Dual Input
State of the art dual function meters with two environmental sensors housed in a remote wand. The sensors can be placed right where they are needed. Both meters feature triple LCD displays, RH and temperature readings simultaneously, and a second K-type thermocouple port.

These meters are ideal for environmental testing, lab monitoring, process control and building maintenance.

Additional features include:

- Tripod Mounting Lug
- Auto Power Off
- Real Time Clock (Model 725)
- Δ Relative Function (Model 720)
- Min/Max function

Sound Meter

Model 732

- 4 digit LCD, resolution 0.1 dB
- update cycle 0.5 s
- Standard IEC651 type II
- Electret condenser microphone w/ windscreen
- MAX MIN function
- Low battery indication

Precision Anemometer

Model 731A

New

- Measurement units: Knots, MPH, KPH, m/sec, ft/min
- Auto power off
- Data Hold
- MIN/MAX/Average
- Back light display
- CE approved

Digital Thermometer

Model 630

- 3 1/2 digit display
- Compact size dual input
- Displays temperature difference between both inputs
- K-type thermocouples
- Backlight

Carbon Monoxide Meter

Model 627

- 3 1/2 digit display
- Max/Data hold
- Range: 0 – 1000PPM

Intelligent pH Meter

760 is a hand-held, battery-powered multi-function pH, mV/ Temperature instrument that is PC compatible and can be used in the laboratory as well as in the field. Using 9VDC battery as the power source, the new portable meter has an easy-to-read LCD display and the ability to accurately measure pH (0 to 14 pH) mV (-1999mV to 1999mV) and Temperature compensation for pH measurement (0 to 100°C).

Intelligent pH Meter w/ Probe

New

Model 760Kit

- PH meter with mV measurement
- RS-232 PC Interface
- Plug and Play function
- PH Probe

Also available Model 760DX Intelligent pH Meter

which includes:

- pH Meter
- pH Electrode
- ATC Probe
- Conductivity Probe
- Dissolved Oxygen Probe
- Software W/RS-232 Cable
- Protective Carrying Case

New

It's all about Precision...

Take a closer look at our solutions...

B+K Precision® is not only a leader in signal generation and power supplies, but also carries an extensive line of environmental test equipment. Our new line of environmental products are bright, with easy to read displays and simple to use controls.

B+K Precision®s offers, Digital Infrared Thermometers Digital Thermo-Hygro Meters, Digital Light Meters, Digital Thermo-Hygro Meters, Sound Level Meters, Humidity Temperature Meters, Carbon Monoxide Meters, Precision Anemometers, Intelligent pH meters.

All of B+K environmental test equipment offer a variety of important features at attractive pricing. For further information about our products, visit our web site www.bkprecision.com.
